

## ACH Origination

Members will use the Classic Transfers page to add an external account. The OLB system will send 2 micro deposits that must be confirmed before the external account is linked and available as a transfer destination.

To set up ACH origination, members will select **Add an external account** under To Account.

The screenshot displays the 'Transfers' interface. The 'Classic' tab is highlighted in the top navigation bar. The 'Make a Transfer' section includes fields for 'From Account' and 'To Account', both set to 'Select an account'. Below these fields, the text 'Don't see the account you want to transfer to?' is followed by two radio button options: 'Transfer to another Arlington Community Federal Credit Union member' and 'Add an external account'. A red arrow points to the 'Add an external account' option. The 'Amount' field is labeled '\$ Enter Amount'. A 'Submit Transfer' button is located below the amount field. To the right, the 'Next 30 Days Scheduled' section shows 'You have no transfers scheduled in the next 30 days' and a 'See all scheduled' link. The 'Recent Transfer History' section shows a single entry for 'AUG 26' with a 'YCC CHEC...' transaction of '\$10.00'. A modal window titled 'Add Account at another bank' is open, containing fields for 'Account Type' (set to 'Checking'), 'Routing Number' (set to '9 digits'), 'Account Number', 'Confirm Account Number', and 'Nickname'. A red arrow points from the 'Add an external account' option to the 'Account Type' field. A text box with a red border contains the text: 'The member can transfer to a Checking, Savings or Loan account at another financial institution.' At the bottom right of the modal are 'Cancel' and 'Save' buttons.

The member will be asked to verify their identity, as this is a higher risk activity. The member can choose to receive a verification code via text, email, or phone call.

To select, they should click on their preferred verification method.

## Verification Needed

Please verify your identity before completing this action.
